Attn: James Astorino, Executive Director

Dear Mr. Astorino:

I would like to take this opportunity to thank the Aluminum Cans for Burned Children and the MetroHealth Burn Foundation for your \$ 2,500.00 scholarship awarded to me. I am overwhelmed and your generosity is greatly appreciated.

I am currently a sophomore at Bowling Green State University. My major is Sports Enterprise with a minor in International Business. This scholarship not only helps with my educational expenses, but it also gives me a sense of pride and encouragement as I continue to study hard and strive for excellence while obtaining my degree.

Upon graduation from college, I would like to pursue a career that would best utilize my education and experience allowing me to help others obtain their goals.

Again, thank you for your most appreciated scholarship.

Sincerely,

Brandon C. Cavanaugh
